## Who are we?

The Mazda MX-5 Club of NSW Inc has been established to foster the activities of its members on a regular basis. All members have one thing in common – the enjoyment of owning and driving the Mazda MX-5. The Mazda MX-5 burst onto the scene in 1989 and the club was formed in June 1990. Membership has now grown to well over 450 people. We have members of all ages and from all walks of life, this is a club for everyone. We are all like minded fun people who love our cars.

## Why join?

One of the main benefits of membership is that you can save the cost of your membership each year just by having your car serviced, or by purchasing parts and accessories! Many Mazda dealers offer **club members discounts** on services, parts and accessories. Club members also enjoy discounts with other companies – including **aftermarket products and services at discount rates**. Another important benefit of membership is the sharing of knowledge between members. You can find out a lot about your car by just attending the clubs social events. We have a lot of members who are familiar with all aspects of the Mazda MX-5, classic or new, and they can help you make the most of your car. The Mazda MX-5 club is also affiliated with the Miata Club of America, and with CAMS, who provide public liability insurance for all driving events. Above all else, membership is about having fun, and sharing your enthusiasm for the Mazda MX-5 with other like-minded people! Its well worth joining in...we're fun!
